Subject Descriptions

Core Subjects:

Manage Work Priorities and Personal Wellbeing

Being able to organise personal work priorities is an essential job skill. Learn how to set and meet work priorities through time management and planning your work schedule. Skills to identify potential problems and prevent stress in the workplace are also covered.

Unit(s):

BSBPEF401 - Manage personal health and wellbeing

BSBPEF402 - Develop personal work priorities

Making and Communicating Good Business Decisions

This subject focuses on the skills required to make and communicate sound business decisions. Active listening, critical and creative thinking, problem solving and using workplace data lead directly into how to best communicate results to your stakeholders.

Unit(s):

BSBCRT411 - Apply critical thinking to work practices

BSBTEC404 - Use digital technologies to collaborate in a work environment

BSBXCM401 - Apply communication strategies in the workplace

Building Strong Customer Relationships

This subject has been structured to progressively develop the students skill and knowledge in the building, managing and maintaining of customer relationships to support business outcomes. It explains the difference between customer service and customer relationship building; with an emphasis on the skills required for longer term relationship building. This includes considering a range of client relationship strategies and also how to use networking effectively.

Unit(s):

BSBTWK401 - Build and maintain business relationships

BSBOPS404 - Implement customer service strategies

Mid Course Survey

This survey is an important opportunity for you to tell ACCM College about your learning experience so far. By formally seeking this information at the mid-point of your course, ACCM College can help shape your learning outcomes to better ensure your professional development goals are met.

Unit(s):

Develop Strong Business Writing Skills

This subject addresses the skills and knowledge required to plan documents, draft text and produce documents of some complexity such as reports, detailed letters and proposals and general promotion documents.

Unit(s):

BSBWRT411 - Write complex documents

Implementing Effective Safety Procedures

Supervisors and team leaders have strict legal obligations under safety legislation. Learn what these are, as well as the practical skills to identify, risk assess and resolve safety concerns. This subject also teaches how to better understand safety statistics and identify factors that can reduce injuries, and ensure the business is productive and profitable.

Unit(s):

BSBWHS411 - Implement and monitor WHS policies, procedures and programs

Marketing Business Products and Services

This subject covers market segmentation, marketing messages and the promotional mix. Students prepare a marketing plan for 2 different market segments which involves designing a specific promotional activity as well as evaluating the proposal. Spam laws and important consumer laws are covered to ensure relevant laws are addressed in your marketing efforts.

Unit(s):

BSBMKG433 - Undertake marketing activities

BSBMKG434 - Promote products and services

BSBMKG431 - Assess marketing opportunities

Service Guarantees

Quality Training Provider

ACCM has a history of satisfied students and clients and repeat business. Our testimonials on our website are genuine and the type of feedback we receive daily. We are so confident that you will be pleased with the College service, that we guarantee it.

Speedy Paper-less Enrolment

Enrolment Applications are accepted 24/7 online. Be fully enrolled in your course in 7 minutes! For customised or employment based courses and traineeships contact us and we will send you a customised enrolment page by email.

Start Anytime - Immediate Enrolment

Within 30 minutes of applying to enrol, your personal log-on details are emailed to you. This gives you access to our on-line system Webclass. Login to Webclass and complete the administrative items. Once you have completed these items a College Student Adviser will phone you to discuss your needs, course requirements, suitability and electives. You will then have access to the first study module via WebClass.

Industry Expert Student Adviser

You will be allocated your own industry experienced Student Adviser. While they will personally manage your program; you will also benefit from the College team around them to provide expert assistance in all subject areas.

Prompt Results and Feedback

All assessments are promptly returned (via Webclass) with detailed feedback and encouragement. Our goal is to have them back to you in a week or less. In the meantime you can progress to your next subject.

Personal Contact for the Right Start

Your College Student Adviser will phone you to welcome you to the course and ensure that you understand the best way to make progress in your course. They will also assist you with any questions you may have.

They will be in regular contact with you, especially at the start of your course, to offer motivation, support and guidance.

For employment based enrolments they will also make contact with your work supervisors to address any questions they may have.

Pro-active Learner Support

The support won't stop! Contact from your College Student Adviser will continue every month, based on the level of help you need.

Of course, at any time you can call us to get help. Get immediate assistance over the phone and by email. If immediate assistance is unavailable for any reason, we will make sure a qualified Student Adviser is in contact with you no later than the next business day.

Quality Course Materials

Our step by step course materials have been written by industry experts specifically for the College. They will give you all of the relevant learner information you need to succeed in your course.

The resources simplify industry jargon and concepts, give you industry insight and understanding, and focus on current real world business practices.

Employer Progress Updates

For employment based enrolments all supervisors will have access to an online progress report showing the current status of all learners. We understand that it's essential to keep you up to date so we will prompt you each month to access your report.
